Available:	September 1, 2026
Description:	The Department of Computer Science at Walla Walla University invites applications for a professor position in computer science. The ideal candidate will have a Ph.D. in computer science and be committed to excellence in classroom teaching and mentoring undergraduate students majoring in computer science. Teaching experience and/or experience in industry is also highly desirable. The department offers an undergraduate program in computer science with approximately 50 majors and supports the computer engineering concentration in the Edward F. Cross School of Engineering.
Qualifications:	A minimum of a master's degree in computer science or a related field is required. Preference given to candidates with a Ph.D. Applicants should have the ability to use technology effectively in teaching and learning, share real-world experiences in the classroom and student research projects, the ability to work collaboratively, evidence of scholarly activity, and a commitment to Christian higher education.
Apply:	Prospective candidates interested in the position should complete an online faculty employment application and attach a cover letter, CV, and statement of teaching philosophy. Consideration of applicants will continue until the position is filled.
Questions:	If you would like further information, please contact Dr. Benjamin Jackson by phone (509) 527-2088 or email benjamin.jackson@wallawalla.edu To learn more about our program visit our web site at https://www.wallawalla.edu/cs.
