### Registration

Registration for the first semester will take place Monday, Tuesday, and Wednesday, September 26-28, 1921. Classes will meet Thursday.

2. Registration for the second semester will take place Wednesday, February 1, 1922.

3. The hours of registration will be from 9 to 12 a. m., and 2 to 4 p. m., of each registration day.

4. The committee on registration will require all students to present grades or certificates of former school work, will ascertain the place of each student in the course, and will direct him as to what examinations he needs to take if any, and what heads of departments he must consult for definite classification.

## Regulations for the Course of Study

### General Statements

1. Students are expected to make themselves familiar with all regulations regarding the course of study. While all possible aid and counsel will be given by faculty advisers, the students will be held responsible for errors in their choice of studies.

2. All students are advised to enter upon a regular course of study if possible. Irregular students labor under a disadvantage because the daily program is arranged to meet the demands of the regular course of study. Persons who have not had school advantages and who wish to attend the College for special work in any department without becoming candidates for a diploma may be accepted by the faculty as "special students" upon recommendation of the head of that department in which they wish to do special work. They must carry successfully the work which they undertake, and must take the required final examinations.

3. No students will be permitted to take instruction away from the College except by permission of the faculty. Correspondence work will not be accredited to students who are in College and who have the opportunity of taking the subject here.

4. Either four academic studies or sixteen hours in the College constitute full work except that a student may take a drill subject or some work in music. A few students of unusual ability are able to carry eighteen hours of work. No student may carry more than eighteen hours in the college except under the following conditions:

1. He must not have fallen below 90% in any subject pursued during the previous semester of his attendance.
2. He must be in vigorous physical health.
3. He must be recommended by a committee consisting of his instructors and the President,—such recommendation not to be granted until the student has been in attendance one semester.

### Examinations

1. Every student will be required to pass examinations or present satisfactory evidence from other schools to determine which class he is qualified to join.

2. Each semester is divided into three school periods of six weeks each. Written tests and the daily average of class work determine the grades for the school period. The daily class work and tests given each six weeks and examinations at the close of each semester form the basis for determining the final standing for the semester. A student is regarded as having failed who receives a grade of sixty-five percent or less in his semester examination in any subject regardless of his previous class standing in that subject.

3. No student absent from a regular examination without excuse from the President is permitted to take such omitted examination before the next regular examination in that course.

#### **Absences**

4. The student is held responsible to his instructor for absence from any class and to the President for absence from a chapel exercise. Each excuse must be signed by the student making the request and countersigned by the preceptor, preceptress, parent, or guardian. The excuse must be presented not later than Wednesday noon, immediately following the week during which the absence occurred. The names of those neglecting to do this will be posted on the bulletin board on Friday morning and a charge of twenty-five cents will be made for the removal of a name. Neglect to have the name removed will bar the student from school, a fee of one dollar being required for re-entrance.

#### **Scholarship Regulations**

5. Whenever at the end of any six weeks period a student is delinquent in half or more of his hours of registration, his name is automatically dropped from the rolls of the College. Such delinquent student may be reinstated by the faculty.

6. A student who is delinquent in five hours but less than one-half of his work is placed on probation for six weeks, after which Rule 5 applies.

7. A student not affected by the above rules, registered for four academic subjects, or sixteen hours in the college, will be counseled with relative to rearranging his program. Students affected by any of the above rules will be notified by the President.

8. A student reported as conditioned in any subject must remove the condition during the semester following that in which it was incurred, otherwise he will be regarded as having failed and must take the subject over.

## Requirements for Graduation

### Academic Course

A student will be admitted to the academic course upon passing satisfactory examinations, or presenting accredited grades, showing that he has completed the work required in the first eight grades, or the equivalent. A grade of not less than eighty-five per cent in arithmetic is necessary for admission to algebra, and a grade of not less than eighty-five per cent in grammar for admission to English I.

To be graduated from this course a student must show evidence of a good moral character, and must have the following:

1. An average grade of eighty-five per cent in all subjects completed.
2. Two years of physical education.
3. Sixteen credits taken as indicated in the outline below and two drills in addition to eighty-five per cent in spelling and penmanship.

Note 2. In language study, two years of the same language are required.

Note 3. If shorthand or bookkeeping is elected, only two other subjects should be chosen.

Note 4. Algebra and Geometry must be completed by those finishing college courses and Algebra II. and Solid Geometry should be elected by pre-medical students.

### **Senior College Courses**

#### **Bachelor's Degrees**

The College offers to its undergraduates two degrees, Bachelor of Arts, and Bachelor of Theology, based upon the character of the work done in preparation. The specific requirements are given below.

#### **Admission**

The work of the academic department or its equivalent is made the requirement of entrance to the college courses. Certificates from the examination board of any Seventh-day Adventist Union Conference or credits from academies or high schools of accredited standing will be duly honored. Examinations will be given when deemed expedient by the faculty.

#### **Degrees and Diplomas**

Students satisfactorily completing one of the shorter courses in the College or academy will receive a diploma. Those who complete the general college course, will receive the Degree of Bachelor of Arts and those completing the college ministerial course, the Degree of Bachelor of Theology. The senior year's work of at least twenty-four hours must be done in residence. The specific requirements for graduation are given below.

#### **Hours**

The college course extends over a period of four years, the year being divided into two semesters or eight semesters in all. Candidates for graduation are required to have completed satisfactorily **one hundred and twenty-eight hours** of college work, part of which is definitely prescribed, part devoted to a major study, and part freely elective. The unit of work, or **hour**, represents one exercise per week for a semester, three hours of laboratory work counting for one exercise. Every hour for which credit is given is understood to represent for the average student approximately three hours of actual work per week throughout the semester.

#### **Honor Credits**

In addition to the 128 hours necessary for graduation from the college course, 128 honor credits based upon the quality of work are required; from the two-year courses, sixty-four honor credits. For every hour passed at 95 per cent or more the student is entitled to three credits; at 90 per cent but less than 95 per cent, two credits; at 85 per cent but less than 90 per cent, one credit; less than 85 per cent no credit. It will thus be seen that in order to complete a course a student must attain an average of at least 85 per cent.

### **Major Study**

Not later than the beginning of the Sophomore year the student should select a major study in which at least thirty hours of work must be done to obtain a degree. Immediately after selecting his major study the student must consult the head of the department in which the major study is taken, for advice concerning the choice of a minor study and appropriate electives. At least eighteen hours of work must be done in the minor study.

### **Examinations in Major Study**

All candidates for degrees are required to pass, during their last semester, an examination in the entire work of their major study. These examinations are oral and are in charge of a committee composed of the head of the department and at least two other members of the Faculty chosen by him.

### **Prescribed Studies**

#### **(a) For the Degree of Bachelor of Arts.**

**Bible.** Fourteen hours. Courses 1-6 are strongly recommended and should be completed before the close of the sophomore year. Students without previous Bible preparation should take Bible Doctrines.

**English.** Eight hours. Courses 1-2 should be taken in the Freshman year.

**History.** Six hours. Courses 1-2 are recommended and should be taken in the Freshman year.

**Vocational.** Eight hours. A total of 408 sixty-minute hours in one of the industrial departments.

**Physical Education.** Two hours. Courses 1-4—four semesters to be taken in the Freshman and Sophomore years unless for cause the student is excused from the requirement in those years. In that case the requirement is to be completed as soon as possible.

**Group Requirements.** The student is required to choose two subjects from each of the following groups exclusive of any of the requirements stated above. A group requirement may, however, apply on the requirements of the major and minor studies.

A	{	Bible	Six hours
		Biblical Language	Fourteen hours
		Modern Language	Fourteen hours
B	{	History	Six hours
		Education or Philosophy	Six hours
		Public Speaking	Four hours
C	{	Physiology	Eight hours
		Science	Eight hours
		Mathematics	Four hours

(b) For the Degree of Bachelor of Theology

**Bible.** Eighteen hours including Courses 1-6. Credits in Old Testament History, New Testament History, and Bible Doctrines must be presented as an entrance prerequisite to this requirement. (Examinations will be given September 28 at 8 A. M. in Room 35 of the Administration Building.)

**History.** Twelve hours. Courses 1-2 and 5-6 are required.

**Greek.** Fourteen hours.

**English.** Eight hours. Courses 1-2 should be taken in the Freshman year.

**Physiology.** Eight hours.

**Vocational.** Eight hours. A total of 408 sixty-minute hours in one of the industrial departments.

**Physical Education.** Two hours. Courses 1-4—four semesters to be taken in the Freshman and Sophomore years unless for cause the student is excused from the requirement in those years. In that case the requirement is to be completed as soon as possible.

**Group Requirements.** The student is required to choose two subjects from each of the following groups exclusive of any of the requirements stated above. A group requirement may, however, apply on the requirements of the major and minor studies.

A	{	Bible	Six hours
		Biblical Literature	Six hours
		Hebrew	Ten hours
B	{	Argumentation	Four hours
		Advanced Composition	Four hours
		Public Speaking	Six hours
C	{	Ecclesiastical History	Six hours
		Psychology or Education	Six hours
		Science	Eight hours

### **Elective Work**

In addition to the prescribed work, the major study, and an appropriate minor study the student must choose enough work from that offered in any department or departments to complete one hundred and twenty-eight hours. The only limitations placed upon this election are those of the schedule and the previous work of the student.

### **Junior College Courses**

#### **Normal Course**

The academic course or its equivalent is prerequisite to the Normal Course. Students completing the Normal Course will be allowed full credit on the regular College Course. They will also be granted a professional teacher's certificate by the union conference educational secretary.

To be graduated from this course a student must have sixty-four hours of credit as prescribed below and sixty-four honor credits based upon the quality of his work.

Note 1. Students taking methods in the senior year, will be required to pass examinations in all the common branches in which methods are given. No one will be assigned teaching in any subject in which he has not secured a grade of 90 per cent in subject matter.

Note 2. Since many students who take the Normal Course desire later to complete the college course, it is suggested that students choose their Normal electives with a major subject in view.

#### **Junior Ministerial Course**

A two year ministerial course is offered, requiring for graduation sixty-four hours of credit as prescribed below, and sixty-four honor credits based upon the quality of work done.

Bible	14 hours	Public Speaking	4 hours
Rhetoric	8 hours	Philosophy	6 hours
Greek	14 hours	Vocational	4 hours
Church History	6 hours	Elective	8 hours

#### **Preparatory Medical Course**

The Preparatory Medical Course embraces two years of regular collegiate work based upon the academic course or its equivalent as a pre-requisite. For graduation sixty-four hours of credit are required as prescribed below, and sixty-four honor credits based upon the quality of work done.

#### **First Year**

<b>First Semester</b>		<b>Second Semester</b>

Note. The student should be prepared to spend approximately four hours each day in both bookkeeping and shorthand. There will be two recitations each day in shorthand. Two practice periods per day of one hour each are required in typewriting. For either of the above courses the student is allowed twenty hours of credit on the college course.

---

### EXPENSES

The school year is divided into six periods of six weeks each. The charges for room and board are made by the school period. The charge for tuition is made by the semester. The Home charges of board and room, are due and payable strictly in advance at the beginning of each school period, and the charge for tuition at the beginning of each semester. No refund is made on tuition except when the student withdraws for reasons approved by the faculty. A refund for home charges will be made only for absences of more than two weeks caused by serious illness. Application for refund in such case must be made to the College Board.

A period of two weeks after registration is given during which a student may change his program; after that time no changes may be made until the opening of the new semester. All vouchers for dropping or entering class must be arranged for during the fifth week of each school period.

### Tuition

#### Academic Department

Tuition for four studies, physical education and a drill in the academic department is \$38.25 each semester. For three studies the charge is \$29.25; for two studies \$22.50, and for one

study \$12.75 each semester. The charge for a fifth subject is \$9.00 each semester; for three academic subjects and one four-hour college subject a charge of \$3.45 is added to the rate for full work. Art as a fourth subject in the academy (three 2-hour lessons per week), is \$3.90 each semester in addition to the charge for four subjects. The charge for a drill to those not taking full work is 2.25 each semester. The charge for treatment room instruction in hydrotherapy without class work is \$3.45 each semester.

#### **Collegiate Department**

Tuition in the College for eleven to sixteen hours of class work is \$45.00 each semester. For fewer than eleven hours of work, the charge is \$3.45 for each hour to a minimum of \$10.25 each semester. An academic subject is charged for at the same rate as three hours. The charge for each hour over sixteen is \$2.70 each semester. The charge for art (three 2-hour lessons per week) is the same as for four hours in the College.

The amount of class work which a student may do is explained under the "Regulations of the Course of Study." The specific requirements of the various departments will be found under their respective heads.

#### **Normal Training Department**

The charges in the Normal Training Department each semester are as follows:

Grades one, two and three-----	\$11.25
Grades four, five, and six-----	\$15.75
Grades seven and eight-----	\$22.50

#### **Dormitory Charges**

A charge of \$9.75 each period will be made to students living in the dormitories for room, heat, light, and laundry. In the Girl's Annex the rate is \$6.75, and the Boy's Barracks \$5.25 each school period. On this basis it is understood that two students will occupy a room. Board will be furnished at the college cafeteria practically at cost. Because of the low charges for room and board each Home student is required to work ten hours per week, doing such duties as may be assigned by those in charge. Half of this domestic time is credited to the rooming department, and the other half to the boarding department. A charge is made to each student at the close of the period for the amount of work which has not been done.

#### **Matriculation, Library, and Lecture Course**

A fee of \$3.00 is charged each student at the beginning of each semester, \$.50 of which is for matriculation expense, and \$1.25 each for the support of the library, and lecture course.

#### **Graduation**

A fee covering the cost of the diploma is charged upon the completion of any course.

#### **Entrance Normal Training Department**

An entrance fee of \$1.00 will be charged each pupil in the first eight grades, to pay for materials needed for individual use in manual training and other class work. An additional charge of \$1.00 is made each period to those who take woodwork.

#### **Laboratory**

To meet the actual cost of the material used and general wear in the science laboratory, a fee will be charged the students doing work in the various sciences. The charges per semester are as follows: astronomy, \$1.00; agriculture, \$1.50; elementary physics, \$2.00; elementary physiology, \$1.50; hydrotherapy, \$1.50; general science, \$1.50; college physiology, \$3.00 college zoology, \$6.00; college botany, \$4.00; chemistry, each course per hour credit, \$1.50; college physics, \$4.00.

#### **Industrial Subjects**

To meet the cost of materials that are used and to pay for the general wear on equipment, the following charges are made each semester in the industrial departments: woodwork, \$3.00; dressmaking, \$3.00; cooking, \$3.00. In the case of woodwork, the sum of \$1.00 is required to be kept on deposit to cover the charge on lumber issued to the student.

#### **Special Examinations**

A fee of \$1.00 is charged for special examinations, it being understood that this does not apply to students receiving classification upon entering school.

#### **Typewriter Rental**

A rental of \$4.50 each semester is charged for the use of a typewriter for two hours each day, and \$2.25 for one hour each day.

## General Regulations

1. As this College was established for the purpose of giving a distinctly Christian education, no student will be tolerated in its membership who, either publicly or secretly, seeks to disseminate immoral or atheistic ideas among his fellow students.
2. The board of managers, believing that it should have full control of those for whom it is held responsible, requires all unmarried students to board and room at the College, except students who must find some means of self-support. Such may be permitted on application to the President of the faculty, to make other arrangements for their accommodation. All applications for such permission, stating the reason for the request, must be presented and approved before arrangements are made. Failure to comply with these requirements will justify the faculty in declining to receive such students for matriculation.
3. Students must abstain from indecent or disorderly behavior; from profane or unbecoming language; from visiting billiard rooms, or gambling places; from the use of tobacco in any form; from card playing, and from having cards in their possession; from having or reading pernicious literature; and from improper associations.
4. Attending the vaudeville, moving picture, or any other entertainment of a questionable character, is forbidden. Students frequenting such places of amusement will not knowingly be retained in the school.
5. Improper associations, sentimentalism, flirting; strolling together about the streets or in the country, either in the daytime or after nightfall, are forbidden because they are contrary to the usage of good society, and lead to evil results.
6. Students will be expected to dress healthfully and plainly. A reform may be required of anyone whose dress does not conform to this principle.
7. Resident students are expected to observe study hour the night before each school day, and parents are urged to co-operate in carrying out this regulation.
8. Students are expected to deport themselves in such a way on the Sabbath as will be in harmony with the day, and to attend Sabbath-school and public worship.
9. A student whose progress, conduct or spirit is out of harm-

ony with the school; or whose influence is found to be harmful, may be dismissed at any time, though there may have been no specific act of wrongdoing.

10. It is recommended that students visit the city of Walla Walla not more frequently than twice during each school period. Permission for such visits should be obtained from those in charge of the homes.

11. Dentistry, dressmaking and shopping should be attended to during vacation.

12. Students should receive permission from the preceptor or preceptress before entertaining guests in their rooms over night, and from the matron before taking guests to the dining room. Visitors may not be received at any time in a student's room without permission.

13. The College may not be held responsible for the personal property of any student in case of damage or loss.

14. It is expected that all students will have respect for College property. In case of destruction of property of any kind, the cost for replacing the same will be charged, if those doing the damage report it at the business office within twenty-four hours. If it is not thus reported, and those in charge are compelled to find the person who did the damage, an amount will be added to cover the cost of this extra trouble.

15. Any regulations adopted by the board or faculty and announced to the students shall have the same force as if issued in print.

### **Social Customs**

As far as practicable, the regulations here announced will govern students in the village as well as Home students.

1. Students must be at home evenings, unless permission is obtained to the contrary.

— 2. When going out in the evenings, students are expected to confer with the preceptor, preceptress or landlady. The hour of returning should not be later than 9:45 o'clock.

3. Students are required to care for their own rooms.

4. Women in the Home may receive gentlemen callers in the parlors only. For such calls permission must be obtained from the preceptress. Callers must leave at 9:45 o'clock.

5. The residence of men and women in the same lodging house is not approved and is not permitted unless the circumstances are unusual.

6. Students will reside only in homes where there are fam-

ilies or where approved women chaperons live in the same house. Landladies who expect to be away from home should not take students to room. A landlady rooming women students is expected to provide for their use until 9:45 o'clock on Saturday or Sunday evening a reception room on the first floor properly warmed and lighted. Women students in these houses will receive gentlemen callers only on the evenings named, and only in the reception room. Gentlemen will take notice and govern themselves accordingly.

7. Students are expected to attend morning and evening worship.

8. Electric irons, chafing dishes or any form of stove for cooking purposes are not permitted in the dormitories.

9. Frequent attendance upon evening gatherings of any kind is not in harmony with the plan of the school. However, students not delinquent in conduct or scholarship may arrange for and attend occasional social gatherings upon permission of the President. It is the custom for a student to attend not more than two such gatherings during a school period. Chaperons appointed by the President will be in charge.

10. Carefulness should be exercised by students in the selection of reading and music for spare moments. Trashy novels, cheap magazines, and popular or sentimental music are strongly disapproved.

11. Students are not permitted to spend the night away from the dormitory or usual rooming houses except with relatives and then only by permission of the one in charge.

12. The necessity of regular habits of diet and the avoidance between meals of confectionery and rich food cannot be too much emphasized. Food, satisfactory in quality and liberal in quantity, is furnished at the table. Articles of food other than fruit are not permitted in the students' rooms.

### Dress

"We judge of a person's character by the style of dress worn. Gaudy apparel betrays vanity and weakness. A modest, godly woman will dress modestly. A refined taste, a cultivated mind, will be revealed in the choice of simple and appropriate attire." Testimonies for the Church, Vol. 4, page 643.

"Self-denial in dress is a part of our Christian duty. To dress plainly, to abstain from display of jewelry and ornaments of every kind, is in keeping with our faith." Vol. 3, p. 366.

A frivolous wardrobe never develops earnestness of purpose;

an extravagant wardrobe never teaches thrift and industry. On the other hand, a sombre wardrobe represses enthusiasm; a negligent one impairs self-respect; an inappropriate one awakens self-consciousness. We therefore appeal to parents and especially to mothers to help us secure for our girls their best influence by giving them the effect of simple, harmonious and healthful dress.

#### General Suggestions

The life of the school is such that if for no other reason, elaborate clothes are out of place. A uniform dress is not required. However, we do recommend simple, one piece dresses. As far as possible all garments should hang from the shoulders. Extravagance and extremes in dress are firmly discouraged.

Young women are asked to dress in modest and healthful attire. Transparent waists or sleeves made of such material as georgette crepe, chiffon, organdie or voile are not permitted unless slips are worn underneath.

Skirts for girls of eighteen or more should come to the top of the ordinary high shoes. Because of the harmful effects of high and wrongly shaped heels upon the health of the wearer, our young women are requested to wear only shoes that have military or Cuban heels. Silk hose are not suitable for school wear and should not be worn, especially during the winter. Warm clothing should be provided for winter. Because of the fact that the buildings are steam-heated, girls should be especially careful not to subject their bodies to chilling as they are sure to do, when thinly clad, in passing from one building to another, in recreation, etc. Many a serious illness has been traced to a severe chill and this danger can only be minimized by proper dress.

The hair should be neatly and simply dressed at all times. Ear puffs in an exaggerated form and other extremes must be avoided.

No jewelry such as bracelets, rings or lockets may be worn. Wrist watches and a simple pin are excepted. To avoid extravagance and unpleasant distinctions in dress, students are required to wear a simple white voile, organdie, lawn or similar material, for Recitals, Concerts, and Commencement. These of course are to be worn with the provisions indicated in a preceding paragraph. Students should not provide more than one dress for all commencement exercises.

An appropriate work dress used at home may be worn during working hours. The recommendations previously made relative to elbow sleeves, height of neck and length of skirt should be followed.

The Gymnasium suit for women is made of a blue or black serge. The blouse and bloomers are fastened together at the waist and are suspended at the shoulders. Full length stockings and tennis shoes are required.

All articles of clothing must be plainly marked. Woven tapes with the owner's full name should be used. The number of articles of laundry is limited to 18 plain pieces per week.

#### **Inspection of Wardrobe**

The inspection committee of which the preceptress is chairman and consisting of the women members of the discipline committee may, if it becomes necessary, request a girl to discontinue the wearing of any objectionable garment.

We trust that parents and daughters will appreciate the kindly spirit in which these suggestions for dress are made, and will faithfully endeavor to carry out the principles that are set forth. They are given for the purpose of saving needless expense and of assisting our young women in their efforts to become noble, modest and exemplary Christian young people.

#### **Health and Physical Training**

The physical life of the students is under the supervision of the school physician, the physical director and appointed nurses. A class-room has been set apart by the College in which apparatus has been installed for giving treatments to the sick. A physical examination is given to each student at the opening of the school year and a permanent record is made. All who are physically fit are encouraged to take the classes in gymnastic exercises and swimming at least twice each week. By these means the health of students is carefully guarded.

#### **Miscellaneous**

The College asks the co-operation of students, parents and guardians in controlling and wisely directing expenditures. The spending of money foolishly is not only a disadvantage to a student himself, but to his friends. Great effort is made to furnish sufficient entertainment by the various incidents of school regime so that large expenditure for amusement is unnecessary. Students are urged to deposit their money with the business office or the bank, thereby lessening the danger of loss incurred by carrying it on their person or leaving it in their rooms. Students are not given credit at the college store without the written permission of the parents.

Students are expected to deport themselves in such a way on the Sabbath as will be in harmony with the day. It is not in keeping with the intent of the Sabbath for calls to be made, or common visiting or entertaining to be done. We urge that the Sabbath be spent quietly and with a regard for the spirit of the day. It is advised that the entertaining done by students, especially those in the dormitory be arranged for some other day than the Sabbath. This applies in particular to the dining room. It is in harmony with the best traditions and customs of the institution for students to completely refrain from entertaining, calling or common visiting on the Sabbath.

#### **Library**

Any student may borrow for not more than two weeks any books not excepted from circulation. The following classes of books are not circulated: Reference books shelved in reading room, periodicals, whether bound or current numbers.

Books especially reserved for class use may not be taken out except over night. These books are to be returned before eight A. M., the morning following the day on which they are borrowed. A fine of ten cents attaches for overdue reference books.

#### **To Parents and Guardians**

The authorities of the College are profoundly sensible of the high and delicate responsibility imposed on them. Truly the educating of our youth is the nicest work committed to man. They appreciate the magnitude and dignity of the work which, in many cases, involves not only parental care and oversight, but also that spiritual, intellectual and social training which may mold the character and shape the destiny of every student entering the school.

Appreciating as the school does these solemn obligations, every patron who entrusts the education of his children to Walla Walla College may be well assured that all that conscientious effort with tender solicitude and vigilant care can accomplish will be done. But the school cannot accomplish the best results unaided by the home. Both must work together and in harmony.

It is urged that students be allowed to continue their work with as few interruptions as possible. Frequent visits, cannot but hinder the progress of students. The work of the school taxes the time and energy of nearly every student. Few have time or strength to make up the work lost because of absences. It is especially urged that the students be not asked to come home

before the time announced for the beginning of vacation; also that they be returned in ample time to take up the work at the close of vacation.

The work of the school year is sufficiently heavy to make necessary a very short list of correspondents. Extensive letter writing will almost be sure to work a hardship on the students class work or health.

Scholarship reports are given to students at the close of each school period. It will add greatly to the success of the school year if parents will closely examine these reports and commend or recommend as seems best.

Mothers can aid greatly in upholding the regularity of the school life by not sending boxes of eatables to students. Experience has shown that this very often leads to over indulgence and illness.

The supervision of the service in the dining room is careful and exacting. The quantity and quality of the food served there is above reproach and hence no need exists for extras being sent to the students themselves.

We solicit the loyal co-operation of our patrons in maintaining the high standards and good traditions of the College. It is our earnest endeavor to make the coming school year the best in the history of the institution. From time to time there will come to your attention rumors of things which are done which will not meet your approval. Usually these rumors will be found upon investigation to be based upon inadequate information. The management will appreciate any endeavor on the part of its patrons to correct such reports and will at all times welcome helpful and constructive suggestions.
